

# Favorite Flavors

## Crayola Crew Creative Thinking Sheet

**RESPOND** to the video in which the Crayola Crew tries to find the best ice cream flavors. They realize that taste preferences are as individual as our personalities and appearance.

**CREATE** an ice cream cone that includes flavors you might not have tasted yet but think you might like or find interesting. It might be as unusual as Bettie's Drooling Yak flavor or as fiery as Bria's Spicy Mango.

USE VISUAL CLUES TO SHOW WHAT THE FLAVOR IS FOR EACH SCOOP. INCLUDE SOME SMALL PIECES OR CHUNKS OF INGREDIENTS WHICH MIGHT BE IN THE SCOOPS.

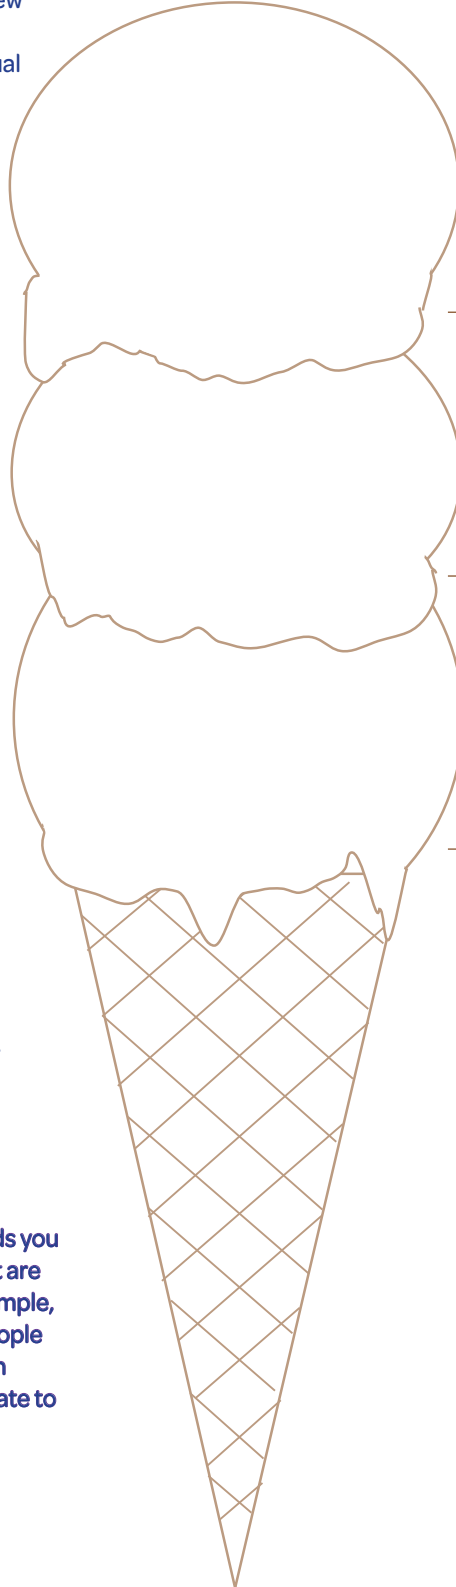

**PRESENT** your new ice cream flavor ideas to family and friends and ask them to come up with new flavors, too. Then ask everyone to vote for the flavor they think will:

- taste the best,
- be most popular, and
- present the most challenges to develop.

**CONNECT** the new ice cream flavors with foods you might find in specialty grocery stores or that are popular in other countries/cultures. For example, there are places around the world where people eat insects, yak, or alligator. Consider how an activity like this can open your mind and palate to new foods.

NAME EACH FLAVOR.
