

Apple Game Instructions

Players: 2

Apple Game Supplies:

Mott's Apple Juice Plastic Bottle Tree Trunk with Cardboard Tree

10 Mott's Applesauce Pouch Cap Apples (5 Red, 5 Green)

2 Mott's Applesauce Cup Baskets

Model Magic Die

To view or print instructions for how to create any of the supplies above, visit **Mott's Upcycled Plastic DIY Apple Game** craft on [Crayola.com](https://www.crayola.com).

Place cardboard tree trunk into plastic bottle tree trunk, fitting cardboard slits snugly against bottle neck.

Place apples on tree via attached hook-and-loop fasteners.

Stand plastic bottle upright on sturdy, level surface.

Place a basket in front of each player.

Decide who will play with red apples and who will play with green apples.

Apple Game Play:

Youngest player goes first! Each player starts the game with an empty basket. Players take turns rolling the die and performing the indicated actions. The die has the following values:

+1: Take 1 apple off the tree and add to your basket.

+2: Take 2 apples off the tree and add to your basket.

-1: Return 1 apple from your basket to the tree. If the player's bucket is empty, the player takes no action.

-2: Return 2 apples from your basket to the tree. If the player's bucket is empty, the player takes no action.

X: Return all apples from your basket to the tree. If the player's bucket is empty, the player takes no action.

Apple Game How to Win:

The first player to collect all their apples wins the game!
